Who we are
The William H. M. Finney Foundation honors the legacy of Dr. Finney, the first volunteer medical director of Shepherd’s Clinic. Shepherd’s Clinic can provide medical and behavioral health care because of the continued generosity of foundations, congregations, community organizations, and individual donors. We partner with MedStar Hospitals, physicians, and other professionals to provide specialty care for our patients.

**Volunteers** comprise most of our clinical and administrative staff and Joy Wellness Center practitioners. They include doctors, nurse practitioners, physician assistants, counselors, social workers, nutritionists, fitness instructors, acupuncturists, students, retirees, and patients.
